## FINEST FABRICS

We are very proud to say ALL our fabrics are designed and printed in the UK.

### Chenille 266gsm

Our Chenille is a heavyweight fabric with a deep pile. It is hardwearing and durable making it ideal for upholstery and soft furnishings that are subjected to heavy use. The base colour is non-optic white, and the fabric is printed using dye sublimation digital fabric printers. Colour reproduction is strong and the fabric incredibly durable.

Type: Woven                      Print Width: 145cm  
Ink: Dye Sublimation      Composition: 100% Polyester  
Weight: 266gsm

Certification: OEKO-TEX Standard 100 (19.0.62522)

Fabric Care: Wash on a delicate machine cycle at 30 °C / 85F. Do not tumble dry. Iron on a low heat not using steam, ironing print side down for best results. Dry flat. Do not wring.

### Luxury Linen 228gsm

Our Luxury Linen is a heavyweight cotton linen blend fabric with a luxurious look and feel. A slub of linen gives the fabric real character and provides surface interest. The base colour is a natural white and our design is printed using eco-friendly water based pigment inks. The luxury cotton linen is pre-treated to offer excellent durability and wash fastness. Pigments are inherently UV resistance and will provide a long lasting print.

Type: Woven                      Print Width: 135cm  
Ink: Pigment                      Composition: 94% Cotton, 6% Linen  
Weight: 228gsm

Certification: Printed on OEKO-TEX 100 certified fabric / A representative sample of this fabric has been tested and passed the requirements of EN71-3 (2013+A3:2018)

Fabric Care: Wash on a delicate machine cycle at 30 °C / 85F. Delicate tumble cycle on a low heat. Iron on a medium heat using steam, ironing print side down for best results. Do not bleach. Drip dry. Do not wring. Shrinkage estimated 4-8%.

## FINEST FABRICS

### Cotton Half Panama 230gsm

A durable and sturdy medium weight fabric. The base colour is optic white and colour reproduction is strong with our eco-friendly water based pigment inks. The inherent UV fastness of pigment inks makes cotton half panama suitable for interior furnishing projects. Pre-treated to provide enhanced durability and wash fastness.

Type: Woven                      Print Width: 140cm  
Ink: Pigment                      Composition: 100% Cotton  
Weight: 230gsm

Certification: Printed on OEKO-TEX 100 certified fabric / A representative sample of this fabric has been tested and passed the requirements of EN71-3 (2013+A3:2018)

Fabric Care: Wash on a delicate machine cycle at 30 °C / 85F. Delicate tumble cycle on a low heat. Iron on a medium heat using steam, ironing print side down for best results. Do not bleach. Drip dry. Do not wring.

### Shimmer Velvet 340gsm

Shimmer velvet is a luxurious and sumptuous fabric with characteristic shimmer. The fabric has a short pile velvet with a stick backing which makes it incredibly easy to handle. The velvet pile creates a shimmer effect that catches the eye and gives the fabric a distinctive look. Printed using dye sublimation. This fabric printing process creates bold, bright colour to make stunning interiors.

Type: Velvet                      Print Width: 140cm  
Ink: Dye Sublimation              Composition: 100% Polyester  
Weight: 340gsm

Fabric Care: Hand wash only at 30 °C / 85F. Do not tumble dry. Do not iron. Do not bleach. Do not dry clean. Dry flat. Do not wring.

FINEST FABRICS

### Classic Plain Cotton 156gsm

Our Classic Plain Cotton is a versatile plain weave fabric. The base colour is a natural white and our design is printed using eco-friendly water based pigment inks. Colour can appear a little muted on the classic plain cotton which gives it a natural look with a soft hand. Our Classic Plain Cotton fabric has been pre-treated to offer excellent wash fastness and durability.

Type: Woven      Width: 140cm  
Ink: Pigment      Composition: 100% Cotton  
Weight: 246gsm

Certification: Printed on OEKO-TEX 100 certified fabric / A representative sample of this fabric has been tested and passed the requirements of EN71-3 (2013+A3:2018)

Fabric Care: Wash on a delicate machine cycle at 30 °C / 85F. Delicate tumble cycle on a low heat. Iron on a medium heat using steam, ironing print side down for best results. Do not bleach. Shrinkage estimated 3-5%.

Washing instructions are provided as guidelines only .
